

| | | |
|-------------------------------|---|---|
| <p>Aidan Woodley</p> | | <p>Aidan is a pupil at Queensferry High School in Edinburgh and his home club is the New Melville. He is the veteran of the team, having competed in the Peggy Bayer last year.</p> |
| <p>Kevin Ren</p> |  | <p>Kevin is in his 5th year of High School studying for his Highers and has been playing bridge for six years. His calculated approach achieves consistency and often optimal results. He was part of the winning team at the Scottish Schools 2019 Championship. His extra-curricular life include sport and music but right now he is focusing on and looking forward to his first Peggy Bayer Competition.</p> |
| <p>Harry Stuart</p> |  | <p>Harry is a keen rugby and bridge player (obviously) and has enjoyed the move to online bridge. He is an instinctive player who loves to bid and make games. He has promised not to make any four card overcalls.</p> |
| <p>Michael Kennedy</p> |  | <p>Like most of the team Michael started playing bridge at The High School of Glasgow, making his debut at the Scottish Schools Minibridge tournament in 2016. This year he is studying for his Highers. He is a careful and accurate player.</p> |

| | | |
|------------------------------------|---|---|
| <p>Alexander Duncan</p> |  | <p>Alexander first had success at bridge playing in a Bronze Pairs tournament. This year he is studying for his Highers and hoping Scotland can do the double at the Peggy Bayer and Rugby Six Nations.</p> |
| <p>Jonny Meek</p> |  | <p>Jonny is the newest member of the team and a fast learner. He is a careful analyst and No Trumps specialist.</p> |
| <p>Danny Hamilton (NPC)</p> |  | <p>Danny “Doctor” Hamilton is a Maths teacher at The High School of Glasgow. He learned to play bridge at Edinburgh University and is a member of the Buchanan Club.</p> <p>He likes bad jokes and has two guinea pigs and two small children who he’s been teaching to play bridge. They are learning fast but the guinea pigs find it quite hard to hold the cards.</p> <p>Dr. Hamilton is delighted that the High School of Glasgow Team has improved so much and are now playing International Bridge. With the addition of Aidan we have a great squad and it should be a very enjoyable tournament.</p> |
